AY:2026-27

Name of Activity	Guest Lecture on "From Campus to Corporate – What It Really Takes to Build a Successful Career in the AI Era"
Academic Year	2026–2027
Department	Department of Information Technology
Institute	MET's Institute of Technology Polytechnic, Nashik
Date & Time	28/07/2026 | 1:30 PM to 3:00 PM
Venue	Room No. 106
Target Participants	SYIF Students
Resource Person	Mr. Pushpak Tupe
Designation	Director, Streamline Tech, Nashik
Activity Coordinator	Mrs. Anumeha Lal | Mrs. P. M. Takate
Co-Coordinator	Ms. V. R. Patil

Applicable POs :

PO No.	POs	Reason
PO1	Engineering Knowledge	Students understand the importance of technical and engineering knowledge in meeting corporate and industry requirements.
PO2	Problem Analysis	Students develop awareness of analytical thinking and problem-solving abilities required to address real-world industry challenges.
PO5	Engineering Tool Usage	Students gain awareness of modern AI tools, emerging technologies and software used in professional IT environments.
PO6	The Engineer and the World	Students understand the impact of AI and emerging technologies on society, professional environments and the changing world of work.
PO8	Individual and Collaborative Team Work	Students understand the importance of teamwork, collaboration and professional interaction in corporate environments.

PO9	Communication	Students recognize the importance of communication, presentation and interpersonal skills in professional careers.
PO10	Project Management & Finance	Students gain awareness of professional planning, career preparation and managing responsibilities in corporate environments.
PO11	Life-Long Learning	Students understand the importance of continuously upgrading their technical and professional skills to adapt to emerging technologies.

Applicable PEO's :

PEO No.	PEOs	Reason
PEO I	Knowledge & Career Growth	Students gain insights into IT career opportunities and the skills needed for professional growth in the AI era.
PEO II	Software & Hardware Skills	Students understand the importance of technical knowledge and emerging AI technologies in the corporate world.
PEO III	Design & Programming Skills	Students learn about the technical and practical skills expected from engineers entering the IT industry

Applicable PSO's :

PSO No.	PSOs
PS01	Modern Information Technology: Students gain awareness of emerging AI technologies and their applications in modern IT environments.
PSO2	Information Technology Process: Students understand how modern information and communication technologies support professional activities and industry workflows.

Objectives of the Activity

1. To provide students with real-world insights into IT careers in the AI era.
2. To familiarize students with current industry expectations from engineering students and fresh graduates.
3. To highlight the technical and professional skills required to succeed in the corporate world.
4. To help students understand the transition from academic learning to professional employment

Topics Covered	Activities Conducted	Learning Outcomes
The Reality of IT Careers in the AI Era	Interactive discussion on changing IT career opportunities and the impact of AI on the industry.	Students understood the current IT career landscape and the opportunities emerging in the AI era.
Industry Expectations from Today's Engineers	Discussion on the technical knowledge, communication skills, adaptability and professional qualities expected by employers.	Students gained awareness of industry expectations and the competencies required to become employable.
Skills Required to Stay Ahead in the Corporate World	Guidance on developing technical skills, problem-solving abilities, continuous learning habits and professional competencies.	Students understood the importance of upgrading their skills to remain competitive in the corporate world.
From Learning to Earning	Discussion on applying academic knowledge to practical work, developing relevant skills and exploring career opportunities.	Students understood how technical learning can be converted into practical capabilities and career opportunities.
Placement Guidance and Success Stories	Discussion on placement preparation, professional development and learning from career experiences.	Students understood the importance of preparation, consistency and continuous improvement in achieving career goals.

ORGANISES

Guest Lecture on

"From Campus to Corporate – What It Really Takes to Build a Successful Career in the AI Era"

Resource Person

Mr. Pushpak Tupe
Director, Streamline Tech, Nashik

28 July 2026 (Tuesday) | **1:30 PM – 3:00 PM** | **Room No. 106**

Target Participants: SYIF Students

Activity Coordinator: Mrs. Anumeha Lal | Mrs. P. M. Takate

Co-Coordinator: Ms. V. R. Patil

Key Discussion Areas

- The Reality of IT Careers in the AI Era
- Industry Expectations from Today's Engineers
- Skills Required to Stay Ahead in the Corporate World
- From Learning to Earning
- Placement Guidance and Success Stories

Ms. V. R. Patil — Prepared by

Mrs. Anumeha Lal | Mrs. P. M. Takate — Guest Lecture In-Charge

Mr. S. B. Patil — HOD IF Dept.
