BHUJBAL KNOWLEDGE CITY Mumbai Educational Trust	**MET's Institute of Technology (Polytechnic), Nashik** **Department of Information Technology (Inst. Code: 0776)** **(NBA Accredited Programme)** www.metbhujbalknowledgecity.ac.in

AY: 2025-26

Name of Activity	Project Exhibition
Academic Year	2025–2026
Department	Department of Information Technology
Institute	MET's Institute of Technology Polytechnic, Nashik
Date	20/03/2026
Venue	Software and Multimedia Lab (105 A & 105 B)
Target Participants	Students of the Department of Information Technology
Number of Students	70
Name of Coordinator	Mr. S. R. Gaidhani

Objective of the Project Exhibition

- To provide a platform for students to showcase their technical projects and practical knowledge.
- To promote innovation, creativity and technical problem-solving skills.
- To develop teamwork and collaboration among students.
- To encourage entrepreneurial thinking and innovative ideas.
- To enhance students' confidence and technical presentation skills.

Applicable Programme Outcomes (POs) :

PO No.	POs	Reason
PO1	Engineering Knowledge	Encourages students to apply engineering and IT knowledge in developing and presenting projects.
PO2	Problem Analysis	Develops the ability to identify problems and understand requirements while developing projects.
PO3	Design / Development of Solutions	Directly supports the design, development and demonstration of technical project solutions.
PO5	Engineering Tool Usage	Encourages the use of appropriate software, hardware and IT tools for project development.

PO8	Individual and Collaborative Team Work	Develops teamwork, coordination and collaboration through project activities.
PO9	Communication	Enhances students' ability to explain and present technical projects effectively.
PO10	Project Management & Finance	Introduces project planning, task coordination and awareness of the practical value of project ideas.

Applicable Programme Educational Objectives (PEOs) :

PEO No	PEO	Reason
PEO I	Knowledge & Career Growth	Enhances technical knowledge, confidence and practical learning for future career growth.
PEO II	Software & Hardware Skills	Encourages the application of software and hardware skills in developing technical projects.
PEO III	Design & Programming Skills	Directly supports the development, design and presentation of technical project solutions.

Applicable PSO's :

PSO No.	PSOs
PS01	**Modern Information Technology:** Encourages students to apply modern IT technologies in their technical projects.
PSO2	**Information Technology Process:** Helps students apply IT processes and technologies to develop practical project solutions.

Topics Covered	Activities Conducted	Learning Outcomes
Technical Project Exhibition	Students displayed and presented their technical projects in the Software and Multimedia Labs.	Students gained experience in showcasing their technical knowledge and project work.
Innovation and Creativity	Students presented their project ideas and	Students developed creative thinking and awareness of

	demonstrated their innovative approaches.	innovative technical solutions.
Teamwork and Collaboration	Students participated in project-related activities and collaborative presentations.	Students developed teamwork, coordination and collaborative skills.

Project Exhibition

Date
20 March 2026

Venue
Software and Multimedia Lab (105 A & 105 B)

Target Participants
Students of the Department of Information Technology

Activity Coordinator
Mr. S. R. Gaidhani

Objectives of the Project Exhibition

- To provide a platform for students to showcase their technical projects and practical knowledge.
- To promote innovation, creativity and technical problem-solving skills.
- To develop teamwork and collaboration among students.
- To encourage entrepreneurial thinking and innovative ideas.
- To enhance students' confidence and technical presentation skills.

Topics to be Showcased

- Software Applications
- Mobile Applications
- Web Applications
- AI / ML Applications
- Database Solutions
- IoT Applications
- Other Innovative Projects

Key Highlights

- Display and demonstration of innovative student projects.
- Interaction with faculty and expert evaluators.
- Exploration of real-world and problem-solving applications.
- Encouragement for creative and entrepreneurial ideas.
