SPARX-2017 REPORT

SPARX is a state level event organized by the Department of MCA every year since 2010. It is a technical event which consists of various competitions and activities related to technical, non-technical and social.

This year SPARX-17 was held on 15th and 16th September2017. The theme of the event was Cyber Security. The students of MCA actively participated in bringing the sponsorship, getting more registrations, arranging the competitions, preparation of inauguration, smooth conduction of event, to make this event successful. Participants also registered online through http://mcasparx17.wix.com for the various events of the SPARX.

Eye checkup

Ethical Hackking Workshop

As Part of social activity free eye checkup was organized for all staff, students and participants. Free "Ethical Hacking" workshop was organized by students of MCA for all participants as our event theme was "Cyber Crime Awareness" .Overall the event was a grand success. Students from in and around Nasik, Dhule, Shirpur, Jalgaon, Dahanu etc participated in the event. All the events were conducted smoothly with great enthusiasm from students, participants, staff and management. Student's feedback was excellent.
