AY: 2025-26

Name of Activity	Industrial Visit to R3 Sys Pvt. Ltd.
Academic Year	2025–2026
Department	Department of Information Technology
Institute	MET's Institute of Technology Polytechnic, Nashik
Date & Time	11/09/2025 | 10:00 AM to 04:00 PM
Venue	R3 Sys Private Limited, Gangapur Road, Nashik
Target Participants	TYIF
Number of Students	45
Resource Person	Mr. Gauresh Suryawanshi
Name of Coordinator	Mr. S. R. Gaidhani | Mrs. P. M. Takate | Ms. V.R.Patil

Objective of the Industrial Visit :

- To bridge the gap between theoretical knowledge and practical industrial applications.
- To provide students with exposure to real-world industrial practices.
- To develop professional skills required in the IT industry.
- To familiarize students with workplace environments and industry expectations.
- To encourage students to connect their academic learning with practical applications.

Applicable Programme Outcomes (POs) :

PO No.	POs	Reason
PO1	Engineering Knowledge	Helps students understand the importance of applying technical knowledge in industrial environments.
PO2	Problem Analysis	Encourages analytical thinking and understanding of practical industry-related challenges.
PO3	Design / Development of Solutions	Promotes innovative thinking and awareness of developing solutions to real-world problems.
PO5	Engineering Tool	Creates awareness of the importance of modern IT

	Usage	tools and technologies in industry.
PO6	The Engineer and the World	Connects technical education with industrial requirements and professional responsibilities.
PO9	Communication	Encourages interaction with industry professionals and awareness of effective professional communication.
PO11	Life-Long Learning	Motivates students to continuously upgrade their knowledge and adapt to emerging technologies.

Applicable Programme Educational Objectives (PEOs) :

PEO No	PEO	Reason
PEO I	Knowledge & Career Growth	Provides industrial exposure and encourages professional development and career growth.
PEO II	Software & Hardware Skills	Creates awareness of technical competencies required in the IT industry.
PEO III	Design & Programming Skills	Encourages innovative thinking and the development of industry-relevant technical skills.

Applicable PSO's :

PSO No.	PSOs
PS01	**Modern Information Technology:** Creates awareness of modern IT technologies and their industrial applications.
PSO2	**Information Technology Process:** Helps students understand industry practices and processes followed in IT organizations.

Topics Covered	Activities Conducted	Learning Outcomes
Industry Expectations	Students interacted with the resource person and gained insights into industry expectations.	Students understood the technical and professional competencies expected from IT graduates.
Industrial Work Environment	Students gained exposure to	Students became familiar

	the working environment of R3Sys Private Limited.	with professional practices followed in an IT organization.
Innovation and Creativity	Discussion and guidance on the importance of innovation and developing new ideas.	Students understood the importance of innovative thinking in solving real-world problems.
