pothaipally village,

Hakimpet. 500014.

View About Department:

MET helped me to discover the programming world,

an eye-opener into the IT industry.

I didn't have much programming knowledge at the beginning,

but I learnt to be more professional and adapt to changing environments of software development during the college in an efficient way.

Special Thanks to Jaya Mam for her countless efforts and dedication.

And all the staff members of MCA department.

Thank You...!!!
