

**MET's Bhujbal Knowledge City,
Institute of Engineering, Nasik
Department of Computer Engineering**

**Two days workshop on “ Big Data & Hadoop”
on 26th & 27th February, 2016**

The Department of Computer Engineering organized a two days workshop on “Big Data & Hadoop” for ME Computer Engineering (First Year) students. Workshop mainly focuses on the latest trends in Big data. Theory session is conducted on introduction & overview of Big Data as well as Hands on session for different NoSQL databases like Hbase, Hive, Cassandra is conducted.

The expert for this session was Prof. Priti Lahane, Lecturer in Department of Information Technology, MET's Institute of Engineering, Adgaon, Nashik.

The workshop was really good, Prof. Priti Lahane gives valuable guidelines on Big Data & Hadoop along with hands on experience to students through her research oriented approach which will help our students to enhance their knowledge.

**Session Co-ordinator : Dr.K.V.Metre
(PG Co-ordinator)**
