Elite Masters Association of Students

Introduction:-

The primary purpose of the Student Association is to provide a voice for students and represent therein the University and community. The Student Association is the student governance body, composed of elected student representatives from department. Its role is to contribute to a healthy academic and democratic atmosphere. The Student Association also arranges athletic, cultural, religious and other activities.

Objective:-

- Create, organize, promote and enrich the social, cultural, recreational, educational programs, services and environment for students of the College.
- Develop a sense of community among students and other groups within the College
- Promote general welfare of students and the furtherance of post-secondary education consistent with the purpose of the College
- Promote and represent students' issues and interest in relation to the College.
