MET Bhujbal Knowledge City

The MET League of Colleges is a conglomerate of premiere educational institutions, driven by a single-minded focus on imparting quality education to make students sharp. Established in 1989, with a mission to redefine the system of education, MET is a professionally managed, multi-disciplinary and multi-faceted oasis of knowledge. The grant of the ISO 9001:2008 certification is an acknowledgement of the institution's capability to deliver professional education that meets the highest standards of professionalism worldwide.

SAC (Students' Association of Computer)

SAC – Students' Association of Computer was an idea, a challenge to create a platform for the students, by the students and of the students wherein students would come out of the shell to display their talent, innovation and help them make a cut above the rest.

Established on 25th August 2012, SAC has been creating waves ever since. SAC is committed in generating, disseminating, and preserving knowledge, and to working with others to bring this knowledge to bear on the world's great challenges.

SAC in association with CSI Student's Accredited Wing is dedicated to provide its members with an education that combines rigorous academic study and the excitement of discovery with the support and intellectual stimulation of a diverse campus community. We seek to develop in each member of the SAC the ability and passion to work wisely, creatively, and effectively for the betterment of humankind.

Functions

Events:

MET's GOT TALENT:

This is the First event **organized by Dept of Computer Engineering and SAC during UTSAV'15. Mr. Roshan Deshmukh was the main coordinator for the same**. Our source of inspiration Mrs. Shefali Bhujbal and Mr. Atul Narang (Renowned Choreographer, Nashik) were the judges for the same. This event provides the platform for the students to show their hidden cultural talents like dance, singing, mimicry, one act play etc. in front of all the staff and students of the college campus. Also they are rewarded by the prize. Everyone enjoyed this event a lot. And very interesting and enthusiastic performance were given by the students.

TECHNOFEST:

It was get organized every year by Institute of Engineering. This provides students the platform to showcase their technical talent. This event provided various sub technical events where students got opportunity to compete for various technical things. SAC members also participated at large extent.

FUNFAIR:

This was mainly the Fair like area where we can enjoy food on various stalls hosted by students of all the departments of all the Institutes of METBKC and also can enjoy various small games which were also hosted on stalls by the students. We had also kept the prizes for winners of games. Almost all the students and staff had enjoyed this event a lot. The event was organized outside IOM.

FLOWER MAKING:

This was an Artistic and Creative workshop .This was very useful for all the participants which has provided a platform to Explore and Share their Unique and Creative ideas to make flowers from paper and other raw materials. It was held in IOM Seminar Hall.

VIRTUAL DRIVING:

This is another workshop among the best workshops organized during UTSAV'15.It was held in Mechanical Building IOE. This focused on aspects of driving in virtual world and how to incorporate it in real world.

ZUMBA FITNESS DANCE:

This was organized for first time in UTSAV'15. This was quiet different and unique event addressed by huge crowd . The event was mainly held to provide Dance Fitness Classes which were fun , energetic and also amazing. This event was addressed by various staff members and students from all the Institutes who had participated and also enjoyed it a lot. It was organized in AMPHI THEATRE.

ITCCE '14

National Conference

on

"Innovations and Trends in Computer and Communication Engineering"

The conference is aimed at providing platform to the research scholars from the industry, academia and research Institutes for exchange of ideas and dissemination of information. The primary focus is to share the immense power and ideas of computers, mobile devices and communication techniques in all walks of life. This will be achieved with the help of eminent speakers and participants from Academics, Industry and Research fields. The Conference ITCCE 2014 will help in building foundation and continuous improvement in future environments of computer and communication technology. In order to remain competitive in this rapidly changing environment, the organization of such technical events has become essential responsibility of academic Institutes.

Appreciation Ceremony of cPGCON'15:

We at Dept. of Computer Engineering and SAC had organized a fourth post graduate symposium for PG students on 13th and 14th March 2015. Our source of inspiration and guide Mrs. Shefali Bhujbal Ma'am, Dr. V. P. Wani (Principal) and Dr. M. U. Kharat (HOD, Dept. of Comp Engg.) were the chief guests for the ceremony and It was grand success for department and institute as whole. All the faculties from all departments contributed in conference made it a great event of the year. PG students, PhD students and other research scholars from SPPU had participated and presented their research which was really the golden opportunity for all the participants to get acquainted with knowledge of research of various areas like cloud computing, artificial intelligence, networking, data mining etc and many more tracks.

So to praise the coordinators for their valuable contribution towards the conference we organized an Appreciation Ceremony on 18th March 2015 at IOE Seminar Hall, where we had gathered all the staff of all he departments of all Institute and rewarded them with the certificates and gifts as token of appreciation.
