#### Conference Publication Details

**Academic Year 2012-13**

Sr. No	Title of paper	Name of Conference	Name of Author
1	An Overview of Information Security Management Practices.	National Conference on Re-engineering & Reverse Innovation: New Age Business Strategies	Prof.Kalpana.V.Metre
2	Managing Embedded System through Internet	National Conference on Advanced Technology.	Prof.Ranjana.P.Dahake
3	An Overview of Information Security Management Practices.	National Conference on Re-engineering & Reverse Innovation: New Age Business Strategies	Prof.Ranjana.P.Dahake
4	Location Management Techniques to Improve Qos in Mobile Network using Intelligent Agent.	National Conference on Information & Communication Technology for Development	Prof.Priti S.Lahane
5	Test Case generation for embedded real-time software with extended UML Activity diagram.	International Conference on Recent trends in Engineering and Technology	Prof.Kirti.A.Patil
6	Test case formation using UML activity diagram	National Conference on emerging trends in Computer Technology	Prof.Puneet E.Patel
7	Success factor in IT project management	National Conference on Recent trends in Engineering	Prof.Puneet E.Patel
8	Test case formation using UML activity diagram	International conference on communication systems and network technologies	Prof.Puneet E.Patel
