Institute of Engineering

Department of Information Technology

Conference Publication Details

Academic Year 2013-14

Sr. No	Title of paper	Name of Conference	Name of Author
1	A mobile application Nasik-On click	International conference on recent trends in Engineering & Technology	Prof.Kalpana.V.Metre
2	Query optimization and Execution of Dynamic Data items in Network Aggregation Environment	Proceedings of computer engineering	Prof.Kalpana.V.Metre
3	Computing Holistic Measures On Mr-Cube using map reduce	Proceedings of computer engineering	Prof.Kalpana.V.Metre
4	Third party auditing system for cloud storage	International conference on software Technology and computer engineering	Prof.Ranjana.P.Dahake
5	Load balancing using session Initiation protocol server clusters	International conference on recent trends in Engineering and Science	Prof.Ranjana.P.Dahake
6	A Hierarchical Attribute based solution in cloud Environment	ITCCE-2014	Prof.Ranjana.P.Dahake
7	Comparative cost analysis of template extraction from heterogeneous web documents	ITCCE-2014	Prof.Ranjana.P.Dahake

Department of Information Technology

Journal Publication Details

Academic Year 2013-14

Sr. No	Title of Paper	Name of Journal	Name of Author
1	Detecting and preventing vampire attack in wireless sensor network	International journal of scientific and Engineering Research	Prof.Priti.S.Lahane
2	Aggregation Environment for query optimization in Network Monitoring	International journal on Recent and Innovation trends in computing and communication Engineering	Prof.Kalpana.V.Metre
