

Institute of Engineering

Department of Information Technology

Conference Publication Details

Academic Year 2014-15

Sr. No	Title of paper	Name of Conference	Name of Author
1	Global trends in Engineering, Technology and Management	An overview of spoken language Identification using visual cues from speech	Prof.Namita.R.Kale
2	Review on Duplicate detection in hierarchical data using network pruning algorithm	Innovations and Trends in Computer and Communication Engineering	Prof.Kalpana.V.Metre
3	Feature selection using clustering approach for Big Data	Innovations and Trends in Computer and Communication Engineering	Prof.Kalpana.V.Metre
4	Sanitation techniques against personal information inference attack on social networks	cPGCON-15	Prof.Ranjana.P.Dahake
5	Multilabel image classifier using Active Learning	cPGCON-15	Prof.Ranjana.P.Dahake
6	Distributed file storage and sharing using P2P network in cloud	cPGCON-15	Prof.Ranjana.P.Dahake
7	Web based ERP system using cloud	International conference on recent innovations in Engineering, science and technology	Prof.Priti.S.Lahane

8	Generating automated test cases using model based testing	International conference on recent trends in Engineering sciences	Prof.Kirti A.Patil
9	Data reporting and aggregation in multiple mobile sink environment for WSN	TECHTONIC	Prof.Reshma.C.Sonwane
10	Data reporting in multiple mobile sink environment for WSN	International conference on recent trends in Engineering and Technology	Prof.Reshma.C.Sonwane
11	Data reporting in multiple mobile sink environment for WSN	Post graduation conference for information technology	Prof.Reshma.C.Sonwane
12	Review on agent based cloud computing	International journal of computer applications innovations and trends in computer and communication engineering	Prof.Rashmi Chandwadkar
13	Review on load balancing model based on cloud computing	International journal of computer applications innovations and trends in computer and communication engineering	Prof.Varsha Salunkhe
14	Review on strategies for shared memory sparse matrix-vector	International journal of computer applications innovations and trends in computer and communication engineering	Prof.Komal Deshmukh
15	A review on user privacy preserving & auditing for secure data storage system in cloud	International journal of computer applications innovations and trends in computer and communication engineering	Prof.Dimple Bedmutha

Institute of Engineering

Department of Information Technology

Journal Publication Details

Academic Year 2014-15

Sr. No	Title of Paper	Name of Journal	Name of Author
1	Text based and content based image retrieval	International journal of Engineering science and innovative technology	Prof.Kalpna.V.Metre
2	Security & Integrity assurance for join processing from multiple data storage in cloud	International journal of computer applications Innovations and Trends in computer and communication Engineering	Prof.Kalpna.V.Metre
3	Proxy Signature based data sharing in large groups in the cloud	International journal of engineering science and computing	Prof.Kalpna.V.Metre
4	MIRS:Text based and content based image Retrieval	International journal of engineering and innovative technology	Prof.Ranjana P.Dahake
5	Implementation of Novel Approach to enhance routing performance	International journal of computer science and mobile computing	Prof.Ranjana.P.Dahake
6	Smart Blind Man's Bus Entry System	International Journal of Advanced Research in Computer Science	Prof.Priti S.Lahane
7	Routing protocol attack in wireless sensor network	International journal of pure and applied research in engineering and technology	Prof.Priti.S.Lahane

8	A comparative study of the attacks on the routing protocol	International journal of computer applications innovations and trends in computer and communication engineering	Prof.Priti.S.Lahane
9	Digital Video watermarking using principal component analysis	International journal of advanced research in computer Engineering and technology	Prof.Kunal.R.Ahire
10	Data gathering in multiple mobile sink environment for WSN	International Journal of Scientific and Engineering Research	Prof.Reshma.C.Sonwane
11	Review on retrieving biological sequence alignment using smith-waterman algorithm	International Journal of Innovative research in computer science & technology	Prof.Komal Deshmukh
12	Survey paper on generalized inverted index for keyword search	International journal of engineering research and development	Prof.Kanchan B.Dhomse
