From Principal Desk

The word Holi means Festival of Colors, we celebrate it with joy. Dearest teachers, thanks for enlightening my life with colors of knowledge that have shown the path of success. On this festival of colors, wishing all to be blessed with shades of confidence, motivation and knowledge. The often heard phrase by Henry Ford is ‘Coming together is a beginning, Keeping together is progress and Working together is Success’.

It is our belief that every student has an unending storehouse of the talent and when nurtured properly, we can help bring out the best in that individual.

For achieving the best in the student, in order to encourage good practices and to evaluate their effectiveness as well as to motivate them we are presenting to you all MET Insight which involves Achievements and honors of Students & faculty, Various Activities carried for Students by students, Publications by students and faculty. I expect that our students will become well - rounded adults, contributing to our community as a result of their nurturing. The year 2022-23 began on an optimistic note as one of the major challenges of admissions was completed by filling up the seats to the full capacity. The overwhelming success in the area of admissions helped us gain our confidence and motivation back. All the activities curricular as well as co- curricular were completed with the characteristic zeal & enthusiasm at Bhujbal Knowledge City, MET’s Institute of Pharmacy.

With Regards,
Dr. Sanjay J. Kshirsagar
