### Details of the Program:

The session was opened by Ms. Vaishnavi Kulkarni with a brief Introduction of Mr. JKL Prasad, our guest speaker, and the Ad-instrument. The online session on the **application of Power-Lab in experimental pharmacology** provided a comprehensive overview of how this technology enhances research methodologies and data acquisition in pharmacological experiments. The session covered various aspects including data acquisition, analysis, and interpretation using Power-Lab systems. Sir also introduced an online platform offered by ADI- named Lt Luna cloud which can be beneficial to the staff as well as the students. Jkl Prasad sir demonstrated practically (live) how we can record our ECG, beats per minute, Heart rate, systolic and diastolic blood pressure by using Power-lab Lab-chart and sensors, session was concluded with QNA session. Overall, the online session provided valuable insights into the application of Power-Lab in experimental pharmacology, equipping participants with the knowledge and skills needed to leverage this technology effectively in their research endeavors.

### Program Objective Achievement

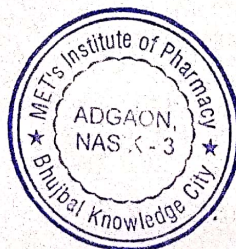

PO1	Pharmacy Knowledge	✓	PO7	Pharmaceutical Ethics	
PO2	Planning Abilities	✓	PO8	Communication	
PO3	Problem Analysis	✓	PO9	The Pharmacist and society	✓
PO4	Modern Tool Usage	✓	PO10	Environment and Sustainability	
PO5	Leadership Skills		PO 11	Lifelong Learning	✓
PO6	Professional Identity
