## Action taken Report on feedback conducted in AY 2023-24

Sr. No.	Feedback collected From	Feedback Collected for	Frequency
1	Students	Overall Satisfaction	Once in a Year

### 1. Summary of Overall Satisfaction of Students:

The analysis shows that the Students highly appreciated teacher's approach to teaching and teacher's preparation, communication, support and Guidance, use of appropriate teaching pedagogy and fairness of internal evaluation in the survey.

- Students have also appreciated the expertise of teachers in their subjects and overall teaching.
- Students highly appreciated usage of student centric methods, such as experiential learning, participative monitoring and problem solving methodologies for enhancing learning experiences largely.
- Student appreciated the various activities undertaken by institute throughout the year. such as Outbound program, Launchpad, Task force activity and Epoch.
- Students highly appreciated the overall quality of teaching-learning process in the institute as very good.

Based on the students feedback it was figured out that institute needs improvement in the following areas.

- Arrangement of more Practical Learning Opportunities and Industry Visits
- Number of sessions from industry experts to be increased for more practical insights
- Students expect institute to provide certification, Skill development Workshops and Programs.
- More Exposure of extracurricular and co-curricular events where students will get more chance to participate in organizing and managing the events.

**Action taken:**

1. The report was discussed in IQAC meeting and governing council meetings.
2. It was decided in the IQAC meeting that more number of activities such as field visit opportunities, sessions of experts from industry will be conducted for students.
3. It was decided that certifications, Skill development Workshops and Programs will be arranged for students.
4. It was not possible to incorporate all the suggestions at one time but each suggestion will be implemented in due course of time.
