Institute of Pharmacy (IOP; 19 Volunteers)

National Service Scheme (N.S.S.) is a noble experiment in academic expansion. It includes the spirit of voluntary work among the students & teacher through sustained community interaction. It brings our academic institution closer to society. It shows how to combine Knowledge & Action to achieve results which are desirable for community Development.

On 24th Sep. 1969 and on the occasion of 100th birth year of Mahatma Gandhi, the Government of India came with an innovative program for the overall development of the country with the name National Service Scheme. India is the country of villages and farmers and according to Gandhi, the past independence development of India was possible only with the development of villages and villagers or farmers. Gandhi also viewed that youth is the only and biggest mean for any kind of the development and the students from urban India should come forward for urbanization and development of rural India. The huge amount of energy which our young generation possesses can be a crucial power if directed toward the overall development of the Country. These Nobel thoughts inspired Hon. Indira Gandhi and other political leaders and they came out with the National Service Scheme in the year 1969. Since its establishment, NSS has always served in all possible manners for the development of India.

MET's Institute of Pharmacy and Institute of Engineering decided to organize the winter special camp of the NSS at Gaulane Village with various objectives like development of the villages, exposure of the village and socioeconomic problems of the rural population to the young students of college. Awareness against Female basic rights, women empowerment, cleanliness and hygiene, personality development, tree plantation, child education etc.

All the volunteers left the MET campus on Monday 7th March 2022 and reached the place of the camp in the morning for the arrangement of the food and accommodation. The volunteers were
