The Third Year Diploma students of all branches have a subject “**Entrepreneurship Development** (Sub. Code: 17099)” in their Final semester of Diploma Course. The basic objective of MSBTE to include this subject in curriculum is, to inculcate the entrepreneurial values among Diploma students during their educational tenure which will help the younger generation in changing their attitude and take the challenging growth oriented tasks instead of waiting for white collar jobs. This subject will help to students in developing the awareness and interest in entrepreneurship and create employment for others. Keeping all the above mentioned snags in view, “Entrepreneurship Development (EDP) Cell” of our Institute has arranged 2 day workshop in association with Gokhale’s Advanced Training Institute (GATI), Jalgaon on “**Entrepreneurship Awareness & Development**” for Third Year Diploma Students of our Institute on **28 Feb. – 01 Mar. 2018**.

Gokhale’s Advanced Training Institute popularly known as **GATI** situated at Jalgaon having branches at Akola, Nashik & Pune and successfully completed its four years of establishment. The institute focuses on skills development. Till date, they are successful in training more than 13,000 individuals. They deliver trainings in Industrial Automation, Personality Development, Stress Management, Entrepreneurship & Renewable Energy to the students, faculties and professionals.
