

ACADEMIC YEAR: 2025-26

Alumni Meet–One Page Report

| | |
|-----------------------------|--|
| Name of the event: | <u>Alumni Meet 2025</u> |
| Objectives: | <p>An alumni meet tries to create a lifetime, mutually beneficial relationship between an institution and its alumni. But the impact extends far beyond sentimentality. Here's why they're so much better:</p> <ul style="list-style-type: none"> • Reunion: Alumni reunions help graduates reconnect with former classmates, faculty, and advisors, and recapture the joys of their college years. • Career Development: The activities are well suited for career development—alumni networking, job placements, mentorship, and even start business with them. • Continuous Learning: Workshops, expert panel discussions, and industry talks expose the newest trends and skills to alumni, with continuous personal and professional development. • Organizational Development: Alumni are brand ambassadors, promoting the quality of their alma mater. They recruit talent and support collaborations. • Return and Giving Back: Scholarships, infrastructures, and donations for social causes are the outputs of alumni reunions, driving the institution forward. • Guidance Counselling: Experienced alumni mentor current students, giving career counselling, internship, and the realistic outlook. • Nostalgia: Most importantly, alumni reunions are nostalgia for past experiences, new connections, and belongingness. |
| Date and Time | 26 th July 2025 from 09.00 am onwards |
| Venue | Polytechnic Seminar Hall |
| Proofs of conduction | 1. Permission Letter 2. Attendance 3. Photos. |
| Name of Organizers | Computer Engineering Department |
