

A Report on State-level E-Quiz on Universal Human Values (UHV's)

The Department of Computer Engineering at MET's Institute of Technology, Polytechnic, successfully organized an **E-Quiz on Universal Human Values (UHV's)** from **8th February 2025 to 22nd February 2025**. This initiative aimed to **create awareness about Universal Human Values** and served as an **assignment for the UHV's module** under the course title *Social and Life Skills*, as per the **National Education Policy (NEP-2020)**. The quiz was designed to engage a broad spectrum of stakeholders, including **students, staff, faculty members, employees, employers, and parents**, fostering a deeper understanding of human values and ethical principles in both personal and professional life.

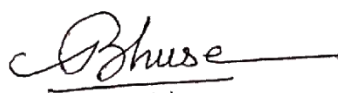

The E-Quiz covered key aspects of **Universal Human Values**, emphasizing ethical conduct, empathy, integrity, responsibility, and harmony in society. By participating, stakeholders gained insights into the significance of **human values in decision-making, interpersonal relationships, and workplace ethics**. The quiz was structured with well-researched multiple-choice questions, making it interactive and intellectually stimulating.

The online format allowed participants to engage flexibly, ensuring widespread participation. The overwhelming response reflected a strong enthusiasm for understanding and integrating **ethical values into everyday life**. Upon successful completion, participants received **e-certificates**, acknowledging their commitment to learning and personal growth. The initiative aligned with **NEP-2020's vision** of holistic education, emphasizing the importance of values-based learning.

A total of **239 candidates actively participated** in the quiz, demonstrating keen interest and engagement. The majority of participants were from **polytechnic institutes in Nashik**, further highlighting the relevance of this initiative within the academic community. The enthusiastic participation from various institutions significantly contributed to making this quiz a **resounding success**.

Overall, the **E-Quiz on Universal Human Values** was a **great success**, fulfilling its objectives of spreading awareness and reinforcing ethical principles. The Department of Computer Engineering extends heartfelt gratitude to all participants, faculty members, and organizers for making this event impactful and meaningful. Such initiatives play a vital role in shaping responsible and value-driven individuals, contributing to a more ethical and harmonious society.

The event was coordinated by Mr. A. P. Bhuse (Lecturer, Department of Computer Engineering) and Mr. S. P. Kholambe (HOD, Department of Computer Engineering).
