

## Department of Mechanical Engineering

### Has Organised Visit to “Traffic Education Park” Mumbai Naka, Nashik

For First Year Diploma Students of Mechanical Engineering

**Traffic Education Park** set up in order to bring about an attitudinal change in the younger generation so that roads are free of mishaps in the future. Under this initiative started by Nashik First Organization school/college students and adults get free training on traffic safety. The participants are taught traffic rules and are given in depth knowledge and awareness about Road Safety.

#### Objectives of Visit

**30-31 October 2023 (10.00 am Onwards)**

To improve awareness of traffic safety among students.

To gain hands-on experience on prototypes and mock road safety conditions and signs.

To know, understand and adapt the traffic rules and safety measures while driving.

**Coordinators:** Prof. S D Sonawane  
Prof. S V Khaire

Mr. Sarang Ingale  
Mr. Mangesh Ahire
