A 'PROJECT EXHIBITION-2025' & 'POSTER COMPETITION'

Organized by
Department of Mechanical Engineering
(NBA Accredited Programme)

in association with
IEI Polytechnic Students Chapter

ON THE OCCASION OF NATIONAL SCIENCE DAY
28 FEBRUARY 2025

ABOUT THE EVENT:

The Department of Mechanical Engineering, MET's Institute of Technology, Bhujbal is pleased to announce a "Project Exhibition" and "Poster Competition" on the Occasion of National Science Day, celebrated on February 28, 2025. The event aims to provide a platform for students to showcase their innovative projects and ideas in the field of mechanical engineering.

OBJECTIVES OF THE EVENT:

- To encourage students to think creatively and develop innovative solutions to real-world problems.
- To showcase their projects and receive feedback from experts and peers.
- To foster collaboration and knowledge sharing among students, faculty, and industry experts.
- To celebrate National Science Day and promote scientific awareness and education.

GUIDELINES FOR THE TECHNICAL PROJECT EXHIBITION

- **Eligibility:** All the Final year Diploma students of the Department of Mechanical Engineering, MET's Institute of Technology, Bhujbal are eligible to participate.
- **Project Categories:** Projects can be submitted in the following categories:
1. Mechanical Engineering 2. Robotics and Automation
3. Energy and Environment 4. Innovative Design
- **Project Submission:** Students must submit their project sheets and posters by February 20, 2025.
- **Project Display:** Selected projects will be displayed during the exhibition on February 28, 2025.
- **Judging Criteria:** Projects will be judged based on Innovation, technical merit, presentation, and impact.
- **Awards:** Winners will receive certificates.
- **Registration:** Students must register for the event by February 20, 2025.

GUIDELINES FOR THE TECHNICAL POSTER COMPETITION

Topic: "Integrating Science and Technology for a Sustainable Future"

Sub-Themes:

1. Renewable Energy and Climate Change
2. Innovative Materials and Manufacturing
3. Healthcare and Biomedical Engineering
4. Environmental Sustainability and Conservation
5. Space Exploration and Astronomy

- **Eligibility:** The competition is open to all the diploma students of our institute.
- **Poster Size:** A) size (104 x 84) cm or 24 x 33.1 (in landscape orientation).
- **Content:** The poster should include a clear title, introduction, methodology, results, conclusions, and references. Visual aids like images, diagrams, charts, and graphs are encouraged.
- **Originality:** The poster should be original and not previously published or presented.
- **Language:** The poster should be in English.
- **Submission:** Posters should be submitted in person or via email (in PDF format) by February 20, 2025.
- **Judging Criteria:** Posters will be judged based on content (40%), visual appeal (30%), and originality.

EVALUATION CRITERIA

1. **Content (40%):** Relevance to the theme, clarity, and accuracy of information.
2. **Visual Appeal (30%):** Creativity, design, and overall visual impact.
3. **Originality (30%):** Uniqueness and innovation of the idea or concept presented.

National Science Day is celebrated annually on February 28 to commemorate the discovery of the Raman Effect by Indian physicist Sir C.V. Raman. This day is dedicated to promoting scientific awareness, education, and innovation. The 'Project Exhibition' and 'Poster Competition' is an integral part of this celebration, providing students with an opportunity to demonstrate their scientific and technical skills. The Department of Mechanical Engineering, MET's Institute of Technology, Nashik is pleased to announced a '**Project Exhibition**' and '**Poster Competition**' on the occasion of National Science Day, celebrated on **February 28, 2025**. This event aimed to provide a platform for students to showcase their innovative projects and ideas in the field of mechanical engineering.

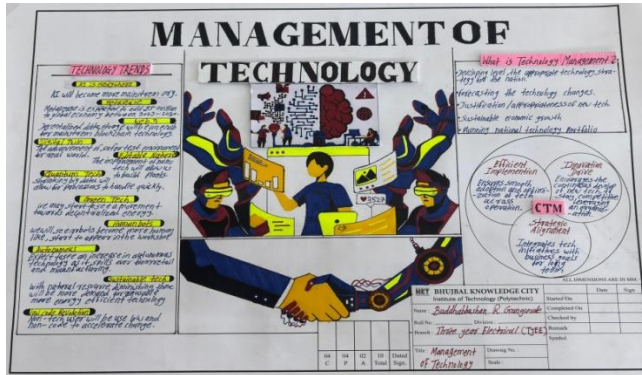

❖ **Objectives of the Event:**

1. To encourage students to think creatively and develop innovative solutions to real-world problems.
2. To showcase their projects and receive feedback from experts and peers.
3. To foster collaboration and knowledge sharing among students, faculty, and industry experts.
4. To celebrate National Science Day and promote scientific awareness and education.

❖ **Key Takeaways of the Event:**

1. Innovative solutions to real-world problems in mechanical engineering.
2. Exposure to cutting-edge technologies and trends in mechanical engineering.
3. Opportunities for collaboration and knowledge sharing among students, faculty, and industry experts.
4. Feedback and guidance from experts to improve project quality and innovation.
