

Department of Mechanical Engineering

Has Organised Visit to
For Third Year Diploma Students

Sahyadri Farm

Sahyadri Farms began with the mission to ensure that the small-landholding farmers of India are given fair compensation for their produce and labour. This was to be achieved while ensuring that they adhere to global standards of agricultural practices, world-class infrastructure, international food safety standards, and the will to deliver safe, hygienic, and healthy food to consumers. Founded in the year 2011, at Nashik (Maharashtra, India), Sahyadri Farmers Producer Co. Limited, i.e. Sahyadri Farms is a 100% farmer owned, professionally managed, grower - Producer Company, operationally sound with best use of technology. They are India's leading manufacturers, wholesalers and exporters of Frozen Vegetable, Frozen Fruit, etc. They export products to Germany, USA, Norway, etc.

Objectives of Visit

To relate the basic principles of Mechanical Engineering with recent technologies available in industry.

To learn about the initiatives taken by industry to innovatively use technology for the development of the agro sector.

Wednesday, 31st January 2024 (10.00 am Onwards)

Coordinators: Prof. S B Mahale, Prof. J G Dhopte, Prof. V E Kothawade

Glimpses of Industrial Visit at Sahyadri Farm, Nashik
Organised by Department of Mechanical Engineering,
MET's Institute of Technology-Polytechnic, Nashik on 31st January 2024
For Third Year Diploma Students of Mechanical Engg.

Introduction:

Sahyadri Farms began with the mission to ensure that the small-landholding farmers of India are given fair compensation for their produce and labour. This was to be achieved while ensuring that they adhere to global standards of agricultural practices, world-class infrastructure, international food safety standards, and the will to deliver safe, hygienic, and healthy food to consumers. Founded in the year 2011, at Nashik (Maharashtra, India), Sahyadri Farmers Producer Co. Limited, i.e. Sahyadri Farms is a 100% farmer owned, professionally managed, grower - Producer Company, operationally sound with best use of technology. They are India's leading manufacturers, wholesalers and exporters of Frozen Vegetable, Frozen Fruit, etc. They export products to Germany, USA, Norway, etc.

Objectives of Visit:

- [1] To relate the basic principles of Mechanical Engineering with recent technologies available in industry.
- [2] To learn about the initiatives taken by industry to innovatively use technology for the development of the agro sector.
