

Department of Mechanical Engineering

Has Organised Visit to

“Kadwa Cooperative Sugar Factory” Rajaramnagar, Nashik.

For Second Year Diploma Students of Mechanical Engineering

Mechanical Engineers have to work with various power producing & power absorbing devices like Boilers, Condensers, Turbines, Compressor, I.C. Engines, and Pumps etc. In order to understand the basic principles, construction and working of the devices, we have organized this visit. Beside this, following are the objective of visit;

Objectives of Visit

Thursday, **3rd October 2024** (10.00 am Onwards)

- [1] To give practical insight of boiler equipment and accessories used in sugar factory.
- [2] To study overall plant layout and co generation plant utilization in sugar factory.

Visit Coordinators: Prof. S A Khan, Prof. S B Mahale
Staff Accompanied: Prof. S A Mandore, Prof. K G Deshpande
Mr. S B Tamhane, Mr. S B Kuldhar
